PROFESSIONAL EXPERIENCE

Be Friends Holding Limited / Public Opinion Intern, Brand and Public Affairs / Hangzhou / May 2026 - Jul 2026

China's leading livestream e-commerce platform, ~RMB1.55B annual revenue, GMV ~RMB5.96B, top-ranked by Douyin E-commerce.

- Supported end-to-end public opinion management by monitoring cross-platform sentiment through Baifendian, classifying risks under a P0-P2 framework, coordinating with relevant business units on high-risk cases, and producing weekly reports.
- Coordinated the response to a sudden wave of 501 negative posts by working with platform representatives and the legal team to standardize batch handling, contributing to a 99.0% content removal rate.
- Built an AI-assisted reporting SOP in Feishu that standardized high-frequency report generation and reduced repetitive work across the weekly reporting process.

Global Times Online / Overseas Social Media Intern, International Communication Center / Beijing / Sep 2025 - Dec 2025

China's second national English daily, with ~2M print circulation, ranked 3rd in social media influence among Chinese newspapers

- Audited overseas social media accounts for public-sector and enterprise clients, analyzing platform tone, posting rhythm, visual identity, and engagement performance.
- Compiled social media archives and translated posts, news materials, and cultural scripts for South China Power Grid International and Southeast Asia-facing energy accounts.
- Contributed to China Huaneng's Mid-Autumn Festival video and ZImpression interview series, using cultural storytelling to support overseas corporate communication.

China Trade News / Video Production Intern, Integrated Media Center / Beijing / Nov 2024 - Dec 2024

China's sole professional media in trade promotion and a leading cross-sector economic newspaper, sponsored by CCPIT.

- Researched clean energy companies across power generation, hydrogen, smart grid, wind power and low-carbon manufacturing, then turned trade fair materials into brand-facing storylines.
- Shot six short-form video materials and supported two Douyin posts, covering enterprise branding, interactive exhibition scenes and clean energy communication.

ACADEMIC & SOCIAL PROJECTS

KOL-Driven Doctor-Patient Community Operation Strategy / Independent research report / Mar 2026

- Designed a virtual community model to improve follow-up adherence among thyroid disease patients, drawing on 50 patient interviews and grounded theory coding to identify key barriers and motivators.
- Developed KOL selection criteria, a 28-day engagement plan, an A/B testing framework, and privacy protocols; the pilot community achieved a follow-up rate above 90% within four weeks.

Rednote Study Plog and Symbolic Consumption Research / Group qualitative research / Spring 2025
